MILLENNIUM
SUPERHEROES

Mill River Union High School

What is known to the locals as the low key community of MRU is actually an under ground training center for future superheroes. What no one knows is that this is the place where the men and women that will save the world are trained. Until recently we have kept a pretty low profile. But now with the flying cow on the loose, all is chaos....

M U S I C

Even superheroes need to spend some time out on the field, or in the hallways if that is where the action is...

A Milestone reached!

In the last 25 years
we've
seen...

"To the students involved with Stage 40 it is not just an activity but a way of life! The friendships that are made between students as they work along side each other through long hours and late nights of rehearsals and techs are ones that will not be forgotten. Although at times surviving on adrenaline and caffeine alone the members of Stage 40 successfully put on their fall show..."

SUPER TEACHERS

This year the Yearbook Staff had the difficult task of locating our runaway flying cow. She couldn't have gotten far but with her clever disguises and so many suspects:

....this could only be solved by a superhero!

everyone's Searching for clues
a suspect is a tedious task

"I found my alter ego but I haven't seen your cow"

"Anybody want a hamburger?"

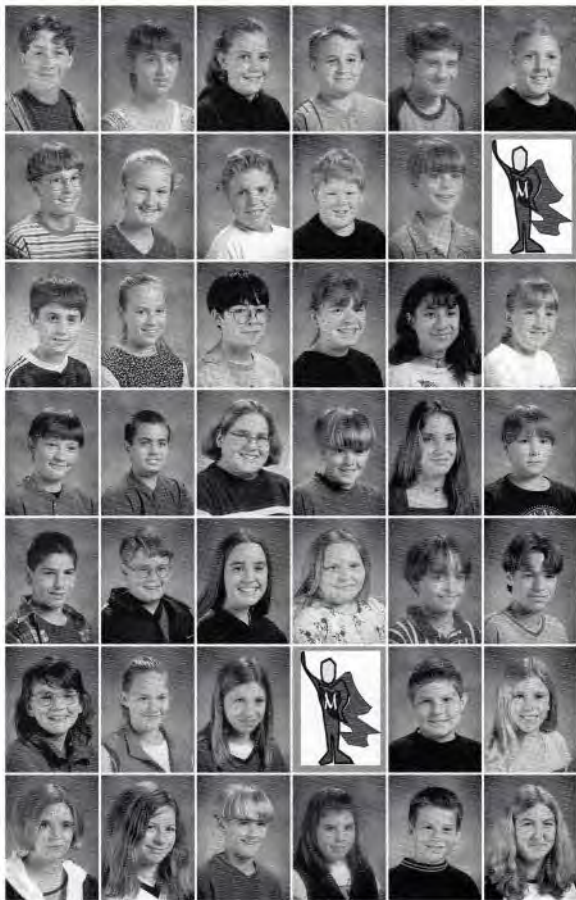

even the sweetest faces cannot be ruled out

"We're not into that whole bovine thing"
